

## **Court Specialist - - Justice Systems, Inc. (JSI)**

Justice Systems currently has a position open for a Senior Court Specialist. Responsibilities include:

- providing on-site training and implementation services of FullCourt®, JSI's premier case management software,
- participating in marketing presentations,
- providing functional assistance to FullCourt users via the help desk, and
- providing process reengineering consultancy services to the courts.

The ideal candidate for this position has a bachelors degree and has a working knowledge of court organizations and processes, particularly as it relates to case management of criminal, civil, and juvenile cases. The ability to effectively communicate/teach is essential. Compensation includes a generous salary and benefits package, including a superior 401K program, health club membership, and on-going training education development program, among others. Travel is required. Please send/fax/email resumes to:
